**[Chronology of Creation - Radio Show Links](#)**

This is a 9 part series that I recorded with Randy Maugans of The Threshing Floor on The Chronology of Creation which ties in perfectly with the series of articles on the History of Creation that I have started posting on this blog which will be a journey that will lead us from beginning to ending, from Alpha to Omega, from Genesis to Revelation. In time I hope to put together the pieces of the seeming puzzle of our existence, and of the history and pre-history of the Earth, and of the Cosmos, for readers and listeners to find irrefutable answers to their own origins and that of the world they inhabit; and having accurately understood the past, readers may accurately plan for their future. Amen and Amen.
